

# **Biological Science Lab**

## **(List of Equipments & Teaching Aids)**

1. Fibre Model
  - Human – Nervous System
    - Reproductive system
    - Kidney
    - Ear
    - Heart
    - Eye
  - Human Embryo-Developmental Stages
2. Germination of Seeds
3. Insectivorous Plants
4. Plant Kingdom
5. Yeast Reproduction
6. Fern
7. Human Skeleton
8. Respiratory System
9. Charts
  - Human Respiratory System
  - Human Circulatory System
  - Human Physiology
  - Different Species of Birds
  - Flowers
  - Insects
  - Reptiles
  - Mammals
10. Embryo of goat
11. Structure of Eye
12. Structure of Heart
13. Student Microscope–
  - Deluxe model
14. Dissecting Microscope
15. Lens Cleaning Paper
16. Human Skeleton
17. Human Kidney Model
18. Human Lung Model
19. Compound Microscope - 6
20. Centrifuge electrical – 1
21. Weigh box – 3
22. Plaster of paris model – 3d – 1
23. Human Torso 2½ Ft. – 1
24. Sterilizer water bath – 1
25. Compound Microscope Projection type – 1
26. Dissection Microscope – 5
27. Specimen in formalein medium – 16
28. Dissection box set – 2
